IT IS HEREBY STIPULATED and requested by the parties that the presently scheduled sentencing hearing for May 16th, 2017 at 2:30 p.m. be advanced to April 18th, 2017 at 2:30 p.m.

As this Court is aware, Mr. Gregory entered into a drug residential treatment program and the parties requested a continuance of his sentencing for several months not knowing the length of his treatment. Recently, Mr. Gregory successfully completed ninety (90) days of treatment and was released by the program. As previously noted to this Court in the request to continue his original sentencing date, the parties are requesting that his sentencing be advanced in light of the completion of the program. Probation is aware of this request and is available.
